PLAY MATCHES

We will arrange for your team to play competitive matches against similar standard opposition that will stretch and challenge your players. We have great contacts at football clubs at all levels from Premiership to Semi-Professional. Playing matches against European players can only benefit personal player development.

STADIUM TOURS

The Manchester United FC Experience includes an Old Trafford Stadium & Museum tour, an educational classroom presentation, with Q & A, and time to try on old kits and boots from the museum's collection.

The Manchester City Experience tour will give you a 360 degree look at the life of a City footballer, gaining a real understanding of how the players prepare themselves for big games. This tour will all culminate in a trip around the Etihad Stadium, allowing you to appreciate the full journey from training into matchday preparations.

The Liverpool FC Experience includes a behind the scenes tour of Anfield Stadium. See areas such as the state-of-the-art Home Team dressing room, Away Team dressing room, Press Room, Player's tunnel and the famous 'This is Anfield' sign.

WATCH MATCHES

Depending on fixtures and ticket availability, you could watch a high level professional football match in the Premier League, Championship, League One, League Two or National Conference.

There may also be opportunities to watch Champions League, Europa League, FA Cup or League Cup matches.

MATCHDAY EXPERIENCE

We can arrange for your team to be part of a Matchday Experience. These experiences will take place at lower league clubs, where as well as match tickets for the whole group, the players will get to go on the pitch before the game as flag bearers and to form a guard of honour for the players as they walk out. Q & A

Describe the benefits of taking a sports team abroad?

There is undoubtedly no substitute for real life experience in the wider world. Trips abroad provide a great opportunity for players to gain such an experience and face a range of challenges that can contribute significantly to their personal development. It raises the whole area of interpersonal skills, including leadership, team work, trust and respect. Research suggests that residential trips have the profound ability to inspire players into having greater aspirations and broadening their horizons for their future. The key benefits of sports related trips for young learners include physical skills, activity and knowledge, personal and social development and the opportunity to set and achieve personal goals.

What can someone expect from a tour with Total Football Experience?

As I have stated earlier we look to cater to the individual needs of any team. We can provide many activities ranging from competitive matches against similar level opposition, training sessions, watching top-flight matches, etc. We also feel it is important for teams to have some down-time to recover from matches and training so they can enjoy the local culture.
