

Travel & Medical Insurance

As you are planning to travel internationally during/post the COVID-19 pandemic, it is recommended to invest in a travel medical insurance plan that covers expenses related to the coronavirus. Travel medical plans which cover COVID-19 like any other new condition are becoming more common, but are not universal.

Before purchasing any insurance plan, please check the plan details carefully to ensure that it covers everything that you need;

- a) it is essential that you have full travel insurance that includes cover for football/soccer activities on your trip.
- b) you must also have valid medical insurance. it is advised that your insurance should cover covid-19 related issues
- c) please make sure your insurance company is aware of which country you are visiting
- d) please ask your insurance company what Covid-19 cover they recommend.

It is your personal decision to travel, and you are doing so with full knowledge of current travel recommendations and travel restrictions with regards to the risks of COVID-19. We assume no responsibility for and shall not be liable for unsafe conditions or health hazards including pandemics or other illnesses.

We have no special knowledge of dangers during travel or at destinations. For information related to such dangers, we recommend going to the State Department travel website at www.travel.state.gov, click on "Find International travel Information" then click on "Country Information", and fill in the name of the destination country.

For medical and health information, we recommend going to the Centers for Disease Control website at www.cdc.gov/travel, then click on "Destinations" and scroll to the name of the destination country.

For your protection, we strongly recommend that you purchase trip cancellation and travel accident insurance. Please note that, unless you buy a Cancel-For-Any-Reason policy, most policies have a specific clause stating they do not cover epidemics and pandemics, especially when travel warnings are in place. So please check that everything you want covered, is covered.

As we do not deal with flights, in no case will we be responsible for refunding the flight costs of your holiday if cancelled. You must book your own flights. If we are asked to book your flights on your behalf using a payment sent to us, we are still not responsible for any refunds following cancellations.
